

Adding a Laser Printer

- Log on as Administrator
- Check to see if there is Jet Admin Direct under Programs
- If not, go to Network Neighborhood, Net Admin folder
 - Click on Jet Admin 95, English, Disc 1, Set up. It should be there now.
- Follow this route to add:
 - Programs
 - HP Jet Admin Utilities
 - Add HP Jet Direct Printer
 - Easy Set Up
 - Next
 - Check next to IP Address
 - Type in address of laser printer
 - Next
 - OK
 - Scroll and choose HP
 - Scroll and choose 5P
 - Next
 - Choose IP address (should be the top of the list)
 - Next
 - I always put in the cart number instead of leaving the printer description as laser....
 - NO
 - Print a test page
