

“Dynamic Story Teller Visits Callison Library”

On Monday, March 9th, Callison Elementary hosted its first guest storyteller, De Cee Cornish, for grades 3-5. Mr. Cornish is a native Texan hailing from Houston. His stories and collectibles from around the world are designed to invite children and youth to read more about past events. They also invite them to wonder about how these events are recorded in our own time. As an Urban Griot (African storyteller), he helps students see the inside of historical events and increase their curiosity about history. Children and teachers embraced Mr. Cornish’s colorful style as learning took place!
