## **Soccer Enrichment Program**

(9-15-8)

Dear Parents or Guardians,

Your child has the desire to be a member of the Soccer program here at Chisholm Trail Middle School. This after school program will require a \$30 investment in order to participate. The cost might increase slightly when we order the jerseys that the players will get to keep. All remaining funds will be used for supplies and to further improve the program. Our primary focus will be to teach your child the fundamentals of the game and to help them become successful student athletes. Part of that commitment will include meeting certain scholastic requirements in order to participate in any scheduled competitive games. We will be in contact with the other participating RRISD Middle Schools in an attempt to schedule competitive matches. A schedule for when competition will begin has not been determined but most games will be played during the Spring semester.

Soccer is a very physically demanding sport and injuries can occur. Although a doctor's physical exam is not required in order to participate, consulting with your physician with any health concerns is strongly encouraged.

All questions or concerns should be directed to either Head Coach Jason Doyen at 428-2582 or [Jason\\_Doyen@roundrockisd.org](mailto:Jason_Doyen@roundrockisd.org) OR Principal Robert Sormani at 428- 2500 or [Robert\\_Sormani@roundrockisd.org](mailto:Robert_Sormani@roundrockisd.org) .

The due date for the fall semester full payment of \$30 is October 1<sup>st</sup>.

Please sign and date that you understand the preliminary requirements for this program and list an emergency contact phone number.
