TIGERS IN SERVICE HONORING STUDENTS WHO MAKE A DIFFERENCE BY VOLUNTEERING

The goal of our Tigers in Service Program is to help Stony Point High School take its place as a contributing member of the community. The Tigers in Service Program will help our community receive the assistance it needs through volunteers. More importantly, the people of Round Rock and Austin will get to know our students as they share their talents and energy, and our young people will become a part of the community by helping others.

Students who complete at least 80 hours (an average of 20 per year)* throughout high school will receive a community service cord to wear at graduation.

After volunteering, the student will complete the Tigers in Service Verification Form, which they will submit to the main office.

Students should also keep a copy for their files for use on applications to colleges and technical schools, employment and scholarships. Universities and businesses are looking for well rounded applicants, and community service can often be the deciding factor for admittance or employment.

Questions or comments can be directed to tigersinservice@gmail.com.

Tigers in Service Verification Forms can be obtained from the Main Office (at both campuses), or can be printed off the school website under the school home page.
